Mr. Joseph C. Goodwin
Assistant to the Director
Central Intelligence Agency
Washington, D. C.

Dear Mr. Goodwin:

Reference is made to your letter of March 3, 1970.

Would I be correct in assuming that the Agency is still unaware of the identity of the individual portrayed in Commission Exhibit 237 ? The affidavit of Mr. Helms indicates that this person may have been under surveillance for a period of up to five months prior to the Assassination and inquiries by the Federal Bureau of Investigation indicate that they felt this person may have been associated with Oswald.

Again I would ask you, in what way the Agency felt this particular individual may have been involved in the case.

Sincerely,
